CHAMPION DOG KENNELS

Steeline FNW can custom manufacture your kennel to suit your measurements and/or preferences

Our Champion Animal Enclosures are designed to make your pet feel safe and comfortable while also preventing them from leaving the yard unsupervised!

Each kennel is built from a dependable design which has been tried and tested, using high quality steel and components. Each bay has two doors, one at the front and another at the rear to make each kennel very accessible and easy to move about.

All the mesh is welded to the RHS frame creating a much stronger bond.

Standard width measurements:

1 BAY - Small 900mm - Large 1200mm	4 BAY - Small 3250mm - Large 4600mm
2 BAY - Small 1700mm - Large 2350mm	5 BAY - Small 4250mm - Large 5750mm
3 BAY - Small 2450mm - Large 3500mm	6 BAY - Small 5100mm - Large 6900mm

**All pens are approximately 400mm height to floor and 2200mm deep.
Approximate overall height of pens are front 1700mm, back 1600mm**

Optional extras include

- Stainless Steel water bowls with float (connected)
- Composite decking boards
- Insulated roofing and walling
- Colorbond® roofing & walling

CHAMPION CHICKEN COOP

Steele FNW Chicken Coops are built from high quality steel and 50x50mm wire mesh which is welded to the RHS frame, finished with high quality hinges and latches creating a much stronger bond to give ample protection from the harsh weather and predators.

Each nest box is built on a perch to help keep your chickens' feet strong and eggs clean. The Nest box also has a easy access lid at the rear to make collecting eggs simple.

Standard measurements:

Coop: 1870mm(w) x 2400mm(d) x 2030mm(h)
Nest Box: 1870mm(w) x 400mm(d) x 400mm(h)

measurements or
preferences

CHAMPION BIRD AVIARY

Steelie FNW designed aviaries offer an abundance of natural light and ventilation while protecting your birds from the elements.

Our enclosures ensure your birds are comfortable, secure and protected.

Steelie FNW Aviaries are built from high quality steel, components and 12.5mm aviary mesh, which is dense enough to prevent most small birds from escaping, strong enough to keep your birds safe and not so thick that it obstructs viewing, airflow, or sunlight.

Each aviary has an internal safety space so you can access your aviary without the worry of birds escaping.

Steelie FNW can custom manufacture your aviary to suit your measurements or preferences

Standard measurements:-

Aviary: 1870mm(w) x 2100mm(d) x 2030mm(h)
Internal Door: 540mm(w) x 1870mm(h)
Internal Safety Space: 630(w) x 630(d) x 2030mm(h)
